

# TECHNICAL DATA

## GB ATF TYPE G

A premium automatic transmission fluid

## APPLICATIONS

GB ATF TYPE G has been developed using the highest quality mineral virgin base oils and multifunctional additives, for use in all automatic transmissions and hydraulic systems, for which the Original Equipment Manufacturer has specified the use of a Ford M2C 33 F/G specification fluid.

## PERFORMANCE FEATURES

GB ATF TYPE G is formulated to surpass the exacting requirements of the specifications and standards of modern automatic transmission fluids and offers the following features:

- Stable frictional properties, giving excellent shifting performance
- Thermal and oxidation stability
- Good low temperature performance
- Excellent wear and corrosion protection
- Seal material compatibility
- Low foaming

## PERFORMANCE DETAILS

GB ATF TYPE G may be used where the following specifications are required:

FORD M2C 33 F

FORD M2C 33 G

**CHARACTERISTICS**

TEST	UNIT	METHOD	TYPICAL PHYSICAL CHARACTERISTICS
Appearance	-	-	Red liquid
Density @ 15°C	kg/m <sup>3</sup>	IP 160	868
Kinematic Viscosity @ 40°C	cSt	IP 71	35.1
Kinematic Viscosity @ 100°C	cSt	IP 71	7.2
Viscosity Index		IP 226	174
Brookfield Viscosity @ -40°C	cP	ASTM D2983	32,500

**STORAGE AND HANDLING**

GB ATF TYPE G should be stored under cover to avoid water collecting in the rim of upturned barrels.

**HEALTH, SAFETY AND THE ENVIRONMENT**

Further information on GB ATF TYPE G can be obtained by referring to the corresponding Material Safety Data Sheet.

For guidance on storage and handling of all lubricants and related products, GB Lubricants recommend the Environment Agency, [www.environment-agency.gov.uk](http://www.environment-agency.gov.uk), as an excellent source of advice.

If you have any queries, please do not hesitate to contact either your local Technical Sales Representative or our Technical Department.

The Company policy is to ensure that a range of products is supplied which complies with the latest specifications and codes within the relevant industry. As part of this development process, we therefore reserve the right to amend formulations and specifications, without prior notice.
